APRIL PROGRAM – SOCIALIAZING – WILL BE MAIN EVENT

In April instead of having a regular “formal” meeting as we usually do, we will spend the time socializing with each other in an effort to get to know each other better. We want to meet new members and guests and get re-acquainted with old members.

Sometime during the evening we are going to take a few minutes to have Frank Hammel show us the slides he took during the recent Catalina Clean-Up weekend. A few of us took some color prints there also and we hope to have those in albums so they can be passed around or displayed in the room. .So...just in case you don't think you'll have anything to talk about at the meeting, find one of us who went to Catalina and we'll talk your arm off about what a great time we had there.

I'm sure this will be a fun evening. The Exec Committee will have some surprises lined up, too. So don't miss the next meeting - April 4th at Pancho and Wong's.

Dicie Sizemore
Program Chairman

QUOTES OF THE MONTH

“MARC HAS A HOODED DICKEY THAT HANGS DOWN TO HERE”

“YOU'VE GOT YOUR WET SUIT ON BACKWARDS BOOBS IN THE MIDDLE OF YOUR BACK BUT IT WAS THE KNEE PADS BEHIND YOUR KNEES, THAT REALLY GAVE YOU AWAY”

“OUCH! . . . IT'S HARD THERE”

“WHY IS THE DUMB SWIMSTEP 2 FEET OUT OF THE WATER?”

“YOU CAN GET ROUGH, IT'S O.K.”

“I DON'T BELIVE IT, THE SCOTCH ISN'T IN MY PURSE – YOU DUMMY. YOU LEFT IT IN THE ROOM”

SEVEN YEARS AGO

2

Bonnie Chettle was President; our General meeting was at Lococo's; The April dive was to Santa Barbara Island on the Charisma; and the beach dive was at Aliso Creek; the club was about to vote on our buddy diving policy; Gabby Gastropod was in full snitch – especially abut a recent Catalina trip; and TRW membership dues were \$14.00!

FROM THE EXECUTIVE OFFICE

April is going to be our new member drive month and will feature several special events. As mentioned in the March Newsletter the club is sponsoring an "eat-in"/socializing event at our 4 April General Meeting. The intent is to attract new members, maybe get some old members back and also to induce some of our existing club members to come to our meetings! If you know anybody out there that fits any of the above give them a call and bring them along.

The parent TRW organization SEA is sponsoring a TRW club membership drive on 5, 6, 7 April and we are going to participate - call myself or Frank Hamell for details. The 5th is on the building S patio, the 6th on the building M5 patio and the 7th in the Dominguez Hills cafeteria.

We are also printing club flyers and making announcements whenever we can over the next month or so - our feeling is the larger and more active the membership the better our club and our diving possibilities will be.

The second part of our new member thrust relates to diving! On both our 1, 2 April beach dive/campout and on our 15 April Bold Contender boat dive we are featuring deep diving under controlled conditions for those divers - new or old - that don't feel comfortable with deeper dives. Lines will be taken down and attached so that divers can follow them and buddy pairs or teams will be formed so as to have very experienced divers lead a buddy, or a small three or four diver team. Depths will vary from 70 feet to 110 feet, and obviously may be dived, or not, entirely on the individual diver's desire. See detailed writeup on both these dives elsewhere in the Newsletter.

If you missed the bouillabaisse on 19 March - you missed another beauty. About twenty five of us ate bouillabaisse just loaded with seafood; barbequed abalone and lobster; steamed crab; hot dogs; salads and dessert!!!! - no we didn't dive, but who says we have to?

We hope you will support us in April and the coming months, as a strong happy membership makes it all worth while.

... REMEMBER ...

- 1/2 APRIL - LA JOLLA CAMPOUT/DEEP DIVE
- 4 APRIL - GENERAL MEETING/EAT IN
- 5/6/7 APRIL - SEA MEMBERSHIP DRIVE
- 15 APRIL - BOLD CONTENDER BOAT DIVE

... PLAN TO BE THERE ...

Allen P.

We went to Catalina to collect garbage, I thought, and perhaps catch a few rays. I never thought it would come to this.
.....

CATALINA CLEANUP **By Dee Lawrence**

TRW Sea Divers booked passag on Catalina Cruises and left the port of Long Beach at 8:20 PM on Friday, February 24. Spirits were soaring as it was apparent by the calm ocean and the warm breeze that sunny days were ahead. Divers and land lovers alike clustered around the forms of Kathi M. and Allen P. as they unleashed the huge pies they had single-handedly brought on board. I noted that they appeared cool an collected despite their efforts while I on the other hand was tired from the unloading of mere heavy dive gear, but I guess that's what they call organization. I have none. Nevertheless, after consuming the pie, Cathy Gale and I had enough energy left to take our misguided bottle of Shnapps, put on our disguises and roam the

unsuspecting cruise ship. Kathi M. and Allen P. even topped this feat. They brought their own rather unique bottle which was passed around among the merrymakers. This "no sweat" part of the trip passed quickly and we soon arrived at Avalon.

I found disembarking no easy task, and I clumsily made my way through the throngs of people composing the lower decks, wheezed all the way back of the truck and having been relived of my tiresome burden, scurried to the foot of that famous hotel, the "Bay View Motel." Did that loathsome looking building really have a sign, "NAUI Dream Resort: in its front window? It must have,. I took the picture. And was this hotel really as unawesome as you might imagine? A hike to our third floor room proved my expectations to be right on the money. The Bay View proved to be a "cold" experience (ask the others). Its saving grace? A jacuzzi Allen could fix.

Day 2 brought blue skies, the expected sunshine and a sign-up time of around 10:00. It was almost too beautiful to go diving

THE APRIL "EAT-IN"

PANCHO AND WONG'S TUESDAY 4 APRIL 1989

BUSINESS MEETING

7:30 PM-9:00 PM

"EAT-IN", FEATURING CLUB PROVIDED FOOD; LOTS OF SOCIALIZING WITH PRESENT BOLD AND NEW MEMBERS; T-SHIRTS AT WAY-LOW PRICES; DRAWING FOR A FREE SINGLE DAY BOAT DIVE; PRIZES ETC. ETC.

9:00 PM-?

INFORMAL NO-HOST CONTINUATION. . . .

AVALON

but if you must you must. Those of you who were there can attest to my reluctance to dive and I congratulated myself on a nice backwards wetsuit, tits and knife pockets facing rearward, as I dove in amid the clamor and the laughter of the TRW men-at-arms.

Actually the visibility under the pier where we landed was quite good, the sea life picturesque since we were the first ones there, and the only draw-back was hauling the full-sized door with the shattered windows back without disturbing the tranquility. Cathy G. and I did this without too much problem, but when we came back to finish our dive we found many other divers and a much churned up bottom, so we took off in another direction.

Many interesting things came up that day (a complete list is enclosed) but these win a prize:

. . . . Dave S. got tired of flashlights, so he used a lamp to light HIS way.

. . . . Frank Hamell decided Catalina needed more "No Parking" zones so he placed his orange cone on the street and the residents are still afraid to park there.

. . . . Bob decided he couldn't leave his dirty dishes uncleaned so he brought up the kitchen sink

. . . . Bill Garrett brought up numerous unusual trinkets which may explain the strange noises coming from his room that night.

Kathleen, Ken and Dean (Am I right?) were so worn out from bringing up that railing that they missed the party that night and should get extra prizes for heroism.

It should be noted that at the awards dinner that night, TRW was told they were winning the weight contest until we went out to lunch -- yes, we do a good lunch -- so we were tied with the Dolphins. Allen's comment: I guess they just didn't know how to count 400 lbs of scrap metal that we salvaged.

The other notable for divers next time: The best prize I saw was the Sherwood regulator that went to the diver who brought up a fully intact jar of pickled vegetables. Remember, don't eat your vegetables at these events. They may be worth more than you think. I, for one would have thrown the suckers in the jar

out. How about you?

JACUZZI TIME: Saturday night until late.

I don't have much to say on this event. Except, if you were not there you missed - -

- the naked man wandering aimlessly thru Bay View corridors.
- the surprised young divers who came across the naked man in the Bay View corridors.
- the loud noise and laughter.
- the multiple kinds of drinks.
- the human projectiles being hurled from one water spot to another.
- the best night of the trip.

DON'T DESPAIR. JUST BE WITH US NEXT TIME.

A word about Monday:

The inland trip was exciting and humorous and took us to Wrigley's Ranch. It was a topper to a great weekend.

& REEFS

**G.L.A.C.D.
(Greater Los Angeles
Council of Divers)**

in cooperation with the Los Angeles County Underwater Instructors Association, whose members are affiliated with virtually all of the major certification agencies, NASDS, NAUI, PADI, YMCA, SSI, etc., is for the first time in the Los Angeles area, offering the " Rocks, Rips, and Reefs" (3 R's) program.

This program, which teaches safer beach diving techniques, has been tremendously successful in reducing diver accident/rescues in San Diego County for eleven years. The ocean sessions are offered to divers of all training levels and agencies.

LEARN YOUR 3 R'S!!!

Come to Malaga Cove, Palos Verdes, CA,
Saturday, April 22, 1989, 9 A. M. !

You'll be taught how to recognize Rocks, Rips and Reefs...how to recognize and utilize the oceans energies to your benefit. You'll learn when to and when not to dive certain areas...how to choose entry and exit sites and what type of diving each site offers. Your experience will be more of a guided discovery than a formal class. The program covers the "FUN" aspects of the area and what there is to see and do, including something for everyone's taste. There's no fee... it's a public service effort... Just show up with your gear and have fun!!!

YOU CAN REGISTER BY PHONE !

BEVERLY HILLS, CA 90213

To get to Campland On The Bay, take the San Diego Freeway south to the Mission Bay Dr. off-ramp in Pacific Beach, continue on Mission Bay Dr. a few blocks to Grand Ave., turn right and go to Lee St., turn left, go a short distance to Foutz Ave. and turn left, follow the signs to the entrance to Campland On The Bay, check in and ask for the TRW SEA DIVERS campsites.

On Saturday. the first dive will be in La Jolla at a place called Alligator Head, I believe that used to be the Childrens Beach area. The dive will start at 10:00, the second dive will be at the beach just west of La Jolla Caves beach at 2:00 PM. On Sunday we will dive at the beach just west of La Jolla Caves and it will start at 10:00. For the ones that would like to dive in the Scripts Canyon (a deep dive), we will set up a dive into the canyon straight out from the beach.

For more details, contact, Bill Garrett, work, 813-0189 or at home 324-8424 or at the camp site on Saturday.

OUR PREMIUM TWO DAY BOAT DIVE

19/20 MAY 1989
MEMBERS \$155

WILSON'S ROCK/SAN MIGUEL/SANTA ROSA
(INCLUDES FOOD AND AIR)

PEACE
NON-MEMBERS \$170

Our first two day (Friday/Saturday) of 1989 is once more on the PEACE out of Ventura Marina to the Channel Islands. The PEACE is 65' long, 22' wide, 3000 psi air fills, large galley, color TV/VCR, sun deck, bunks with lights, and now air conditioning, and of course the famous hot tub. The crew is great and Bill (Magee) goes out of his way to make the PEACE one of the best boats around.

We will work our way out from Ventura making dives primarily at SANTA ROSA on the first day. Red ABALONE can be found in large numbers, as can good size FISH including halibut this time of year. The pinnacles and reefs provide homes for SCALLOPS and superior spots for PHOTOGRAPHERS. Depending on our progress and weather we will end the first day with one or two dives at SAN MIGUEL, including an evening twilight or night dive. We will socialize and party "some" during the overnight stay, giving the hot tub a good work out in the process. The full dinner will include several varieties of club provided wine, for those wishing to participate!

Depending on weather conditions the second day, we anticipate a run at WILSON'S ROCK which is about one mile from Cuyler's. Last year on this dive we were successful! WILSON'S is an exposed dive spot with a series of spectacular underwater reefs at depths varying from 20' to in excess of 120' in the adjacent canyons. The dive is just spectacular and obviously is great for game and PHOTOGRAPHY. We also plan to dive LITTLE WILSON'S, which is in the channel between SAN MIGUEL and SANTA ROSA. This pinnacle and reef structure rises to within 35' of the surface and drops to over 90' in the immediate surrounding area. We have now dived this spot several times, over the past two years, and it is one of the most beautiful dives around - huge SCALLOPS too! We will then work our way back along SANTA ROSA making at least one more dive.

We will also add to the trip with other goodies including prizes, fun and socializing, following in the footsteps of our two day dives over the past two or three years. Those who sign-up and pay in full by 21 April 1989 will also be eligible for a drawing for a single day all inclusive boat dive.

For those of you who just like to cruise part or all the of the way, there is no better boat or trip than this one. The PEACE is an extremely popular boat with the club and this is filling very early. For sign-up call Micheal (Borden) at (213) 372-7752 and for more information Allen (Parker) at (213) 813-5383 for information or inputs to this dive. Boarding begins at 9:00 PM on Thursday 18 May for a 2:00 AM departure. DON'T MISS THIS ONE AGAIN!

BEACH DIVES 1989

DAY	DATE	WHERE	FEATURE	KEY CONTACT

On the second Sunday of each month Ken Sizemore will be diving White Point in support of the Paul Meister OOPS* program. TRW Sea Divers are encouraged to be an integral part of this program.

*OOPS - Ocean Observations Project Survey.

15 APRIL 1989

**SINGLE DAY WRECK DIVE
"AVALON" AND "VALIANT" WRECKS/
CATALINA FRONTSIDE
(INCLUDES FOOD AND AIR)**

BOLD CONTENDER

MEMBERS \$52

NON-MEMBERS \$59

This dive features a variety of activities and is also our lowest priced all inclusive charter for 1989. We will be taking the BOLD CONTENDER from Ports O' Call, departing at 06:30 AM, and running up the Palos Verdes coast to the site of the "AVALON" wreck to make our first dive. (The events leading up to the wreck in 1961 are described elsewhere in the Newsletter). The "AVALON" lies in about 70 feet of water and usually has good visibility. Quite large FISH inhabit both the bow and stern sections, and PHOTOGRAPHERS or just looky-loos will not be disappointed. Made to order breakfasts will be served before and after this first dive.

We will then cruise over to the Avalon area of CATALINA where we will dive the wreck of the "VALIANT". (Again the events leading up to the wreck in 1930 are described elsewhere in the Newsletter). The "VALIANT" lies a little deeper with the stern at about 80 feet and the bow at 90 + feet. The wreck is visually and PHOTOGRAPHICALLY beautiful and one can still make out the large diesel engines, pumps and with a little searching the infamous gasoline generator, apparent cause of the fire.

Following our "VALIANT" dive, we will make one or two shallow dives on the frontside of CATALINA on some of the spectacular reefs North of Avalon. We will then cruise back to Ports O' Call and partake of a heavy duty late lunch, typical BOLD CONTENDER style, including club provided wine.

Other activities on this charter will include a shore boat into Avalon for those non-divers or divers who wish to spend an hour or two on shore. On boat and diving activities are going to be video-taped(!) and snorkelers/skin divers will have an opportunity to do their thing on the shallow dives. We are also going to allow a small number of additional bubble watchers on board (a kind of Sea Divers "take me along with you"). For those divers needing help or confidence building on deep diving there will be a short discussion on the particular dive/conditions/wreck facts and if necessary an advanced diver, divemaster, or instructor will be assigned to one or more less experienced divers for their dive.

Weather conditions excepted, these wreck dives are suitable for all levels of experience – however, know your limits.

Call Micheal (Borden) at (213) 372-7764 for sign-up or Allen (Parker) at (213) 813-5383 for information/additional details of the dive. The Bold Contender is at berth 76 in Ports O' Call and boarding the evening before, Friday 14 April, will be available. Everyone should be on board by 6:20 AM on the 15th, for a prompt 6:30 AM departure. SEE YOU THERE!

**TRW EMPLOYEES – DID YOU KNOW THAT YOU CAN DESIGNATE
PART OR ALL OF YOUR ECHO CONTRIBUTIONS TO THE CATALINA
HYPERBARIC CHAMBER – KATHI DID AS YOU CAN SEE BELOW**

University of Southern California
CATALINA HYPERBARIC CHAMBER
Post Office Box 398
Avalon, California 90704
(213) 743-6793

13 February 1989

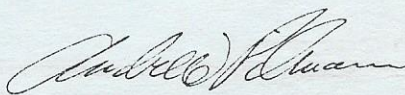

Dear Ms. McNalley:

I would like to take this opportunity to thank the TRW Sea Divers for their support of the Catalina Hyperbaric Chamber. It is support like their's, through the ECHO voluntary deduction program, that will insure the continued success and operation of this program.

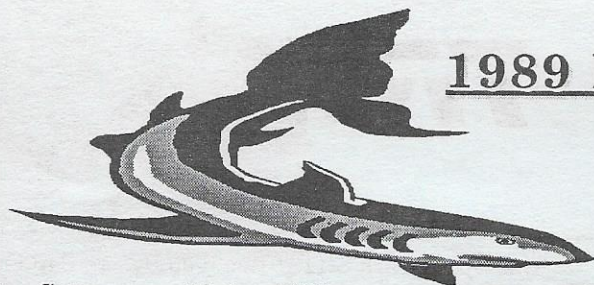

We strongly encourage participation by your membership in designating the chamber for some portion of their individual ECHO deductions. Each dollar gained in this way is meaningful in our day-to-day operations. Thank you all. The Catalina Hyperbaric Chamber exists for, and by, the Southern California diving community.

I hope that you can find a way to pass along our thanks and appreciation to the club in your newsletter and perhaps announcing our thanks during the next club meeting.

Sincerely yours,

Andrew A. Pilmanis, PhD
Director
