

THE SEA DIVERS

FROM THE EXECUTIVE WAR ROOM

To paraphrase a Beattle hit from the 60's -- "ALL WE NEED IS LOVE" (aka SUPPORT). The club is a little squeezed in the Treasury department, due primarily to it being dues time. A prompt payment for membership continuation for 6 or 18 months (see the December/January newsletter for details or page 2 of this newsletter) will really HELP!! another sixties Beattle hit, come to think of it.

Also note that we have several significant club events upcoming -- boat dives to San Nicolas and Santa Barbara, 8 February and 15 March, respectively; our Anniversary Banquet on 1 February, and the Avalon Harbor Clean Up on 22 February (please note the date change!).

To further paraphrase Sir Winston Churchill's WW II (THE BIG ONE, for you younger folks' information) famous 40's statement: "NEVER IN THE FIELD OF HUMAN CONFLICT (club activities) HAVE SO MANY (about 130 of you) OWED SO MUCH (\$12 or \$30 dues individual), TO SO FEW (the club)." I guess my English background came out in this one . . . but we do need your continued and prompt support to STAY strong. Thanks.

ANOTHER CALYPSO ADVENTURE FOR FEBRUARY

For our next meeting we'll show another Cousteau Society video tape. This one is entitled: "AUSTRALIA - The Last Barrier." In it the Calypso's divers explore the Great Barrier Reef. The largest living structure on earth, it supports over 1500 species of fish including white tip shark and giant groupers. However, this complex marine community depends on the tiny coral polyp which is relentlessly preyed upon by a host of predators.

The Cousteau team also travels inland capturing rare footage of the curious duckbilled platypus and a first-time encounter with the elusive sea crocodile.

Several of our members have either been to the Great Barrier Reef or are planning to do so. This should be an entertaining presentation for all. Hope to see you at The Round Table Pizza on February 4.

WRITING FOR THE SEA DIVERS NEWSLETTER

If you would like to write an article for the newsletter or you have an idea to improve it, please write to Editor Bruce Giles, P.O. Box 2415, Redondo Beach, CA 90278, or call me at the above numbers. I am always in need of Lessons Learned articles and new graphics or cartoons. Inputs should be typed, but can be handwritten (not responsible for errors caused by illegible handwriting). Permission is given to reproduce in whole or part. Please give credit to the author and/or The Sea Divers Newsletter.

GENERAL MEETING

GENERAL MEETINGS are held at 7 PM the first Tuesday of each month. A no-host social half hour precedes the meeting from 6:30 to 7 PM, and a feature presentation follows the business meeting. The meeting is held at Round Table Pizza, 4330 Redondo Beach Blvd., Torrance (Alpha Beta/Savon Center) (213) 371-8009.

EXECUTIVE MEETINGS are held at 7 PM on Thursday the week following the General Meeting at the Shibaraku Restaurant at King Harbor (at the corner of Harbor and Beryl, across from the Holiday Inn Crowne Plaza).

A TRIP ON THE SAN NICOLAS EXPRESS

08 FEBRUARY (Saturday)

SAN NICOLAS

WILD WAVE

MEMBERS \$75

INCLUDES EVERYTHING!!!

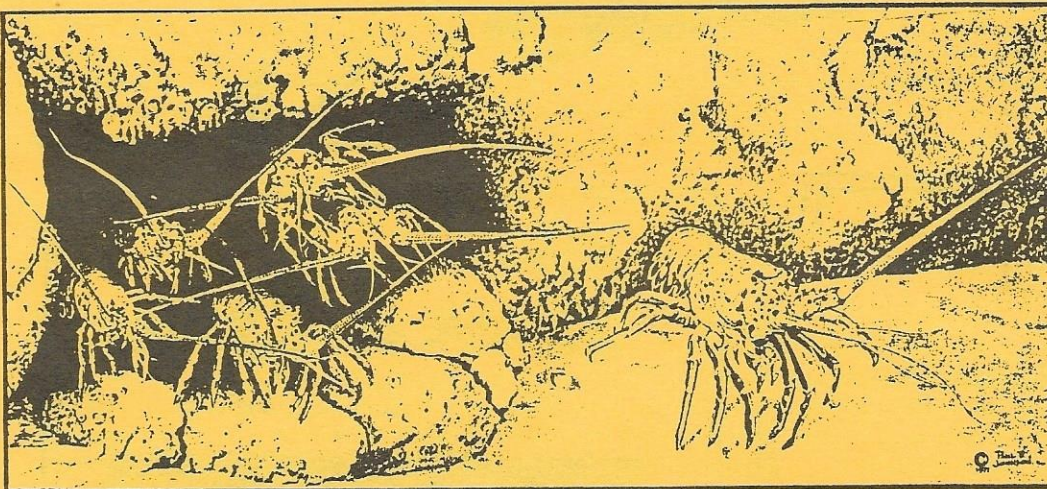

NON-MEMBERS \$82

We hope you'll join us for a fast trip on the WILD WAVE from 22nd Street to SAN NICOLAS in search of those somewhat elusive big LOBSTER. Our dive plan includes an early morning night dive so it is imperative that you include chem-lights and at least one dive light in your gear. For those of us that are not so lucky in the LOBSTER stakes, FISH provide a nice alternative with many different species to play with. Although not the prettiest under water environment, SAN NICOLAS can provide excellent opportunities for VIDEO or PHOTOGRAPHY. The boat will depart at approximately 12:01 AM on Saturday.

As of this writing, the dive light prize for the first 8 pound BUG is still unclaimed -- SAN NIC could do it for someone!!!!

Diving around SAN NICOLAS is suitable for all skill levels with ocean cooperation. Relative beginners should check with The Sea Divers divemaster on duty before making a deep or potentially difficult dive. Our trip back will include late lunch of BBQ steak, baked potatoes, etc., etc., etc., with a modicum of "goormette" wine for those so inclined. The February trip has proven popular in the past two years, so call Kathi (McNally) at (310) 370-1657 for signup or additional information.

DON'T MISS THE EXPRESS!!!!

A DOUBLE DIP — LOBSTER AND ABALONE!

15 MARCH (Sunday)

SANTA BARBARA

WILD WAVE

MEMBERS \$68

(ALL INCLUSIVE)

NON-MEMBERS \$75

The March dive is on the WILD WAVE to SANTA BARBARA Island and is unusual in two ways: 1) It is the only dive charter this year where LOBSTER and ABALONE are BOTH in season; and 2) It is one of only two SUNDAY club charters in 1992.

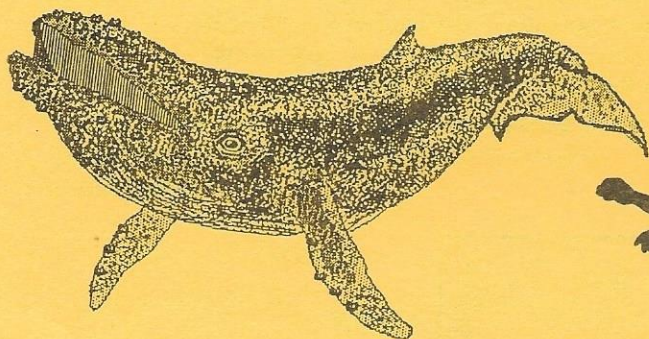

The WILD WAVE will depart from 22nd Street around 2:00 AM on the 15th for an early AM arrival at the Island. Won't hurt to bring along your chem-lights and dive light(s), just in case.

Aside from LOBSTER and ABALONE, SANTA BARBARA offers just about every element for diving. The multiplicity of reefs, walls, arches and canyons provide superior opportunities for PHOTOGRAPHY and VIDEO. Add to that the extensive variety of sea life and typically great visibility and you've got the best of diving. Some of the larger FISH inhabit the environs -- so you spear hungry types will not be disappointed.

The trip is suitable for all skill levels and is all inclusive (air, food [with BBQ steak dinner, etc.], club goodies) and, of course, great diving!!! At \$68 it's a REAL steal. A call to (310) 370-1657 will sign you up. CHECK THIS OUT ON YOUR CALENDAR!!!

SOME THIRTEEN YEARS AGO:

The President was Betty Trenberth, who wrote great Executive Meeting minutes; Vice President, Bob Revius; Treasurer, Cathy Mueller; and Secretary, Don Andree. General Meetings were at Lococo's and the February boat dive was on CHARISMA to Begg Rock at \$37 non-inclusive. There was a planned "eat in" at the Mueller's and on the same day (!?!) a beach dive at Aliso Creek. Gabby Gastropod was in full snitch in the newsletter with all the latest dirt and gossip on club members -- great stuff!!

TRUK UPDATE #4

The Sea Divers booking on the TRUK AGRESSOR for 13-20 February 1994 is now fully subscribed. Twenty club members have signed up and paid deposits, with another four on the wait list. If you wish to be wait listed, a \$100 deposit is required.

The Palau add-on is going to be arranged by couple/individual on an individual basis, but we anticipate slightly more than half the group to participate. Although it's still two years away, we are excited!

Call Kathi or Allen at (310) 370-1657, or Barbara at (310) 318-5362 for additional information.

Daly City, California 94107

Dear Sirs:

I feel compelled to respond to the continued irresponsible journalism which your organization has displayed. You have a responsibility to verify the information you put in print before you mail it out to thousands of divers and organizations. These people believe what they read in print.

It is you who are not up to date on the issues you discuss. In particular response to your letter to the Sea Divers Club, dated 10 November 1991:

1. The Federal Boat User fee has not been repealed. You erroneously reported that this fee was repealed in your newsletter "Visibility," Vol. 8, #7-9, Summer 1991.

The attached letter from Congressman Mel Levine, dated 19 December 1991, indicates that the repeal bill will come up for vote by Congress in 1992. Meanwhile, boat owners are out another \$25 - \$100 as of January 1, 1992.

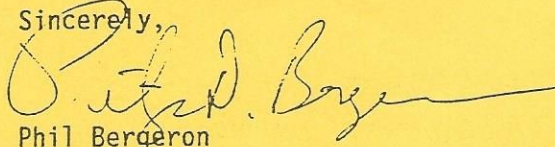

2. It is most certainly illegal to disturb any shipwreck in California waters! Don't take my word for it, have competent legal counsel interpret for you Public Resources Code §§6313 and 6314, or read the attached interpretation issued by the California State Lands Commission. "Recreational Recovery Permits" are the only legal avenue a sport diver may utilize to recover small objects from wrecks (Public Resources Code §6309); however, since issuing those permits is not on the State Lands Commission agenda, there currently is no legal way sport divers may disturb any shipwreck.

3. If the Coastal Extension Act (HR 536) is not backed by USOA, I suggest you respond to Discover Diving's article on page 95 of their May/June 1991 issue. I would certainly be interested in learning how Mr. Keatts confused USOA's involvement with this bill.

It is important that all divers oppose further restriction of diving freedoms whether each of us is personally involved with the particular activity affected or not. The passage of the Shipwreck Protection Act and subsequent State legislation resulted in a serious loss of our freedoms and yet another increase in wasteful government bureaucracy.

Let's not make matters worse: oppose HR 536.

Sincerely,

Phil Bergeron

BONUS DIVE QUOTES

"Don't touch them all; they'll think you're going to take them home with you."

"They just start crying and it's sad."

"That was a hard one to get out of the hole, right?"

"I layed it on the floor like a huge dong."

"I just love that box wine."

"Oh yes, he's the guy that loses all the crap."

"Your hair looks smaller."

"The paper napkin's for the sperm and the cloth one's for the food."

"Will you guys shut up. I can't hear the fight."

"Have you ever thought about a recording contract? DON'T!"

"Take it home and eat it later."

"Let's tie up Ken so we can drink and dive."

"If you get wet, just back up. You went too far."

"He's got crap on his hands."

"There goes Delaney with his Bends-O-Matic computer!"

"If your shit looks like this, you must have eaten bird food."

"Over your head."

"Pay backs -- I'll pee in your wine."

"Hey Mister Hot Spot."

"Since Rhonda, I stay out of that shit."

"It wouldn't have been so tangled if you hadn't put fun foam in it."

"Your hair would look much better on a motel pillow."

"Paul's on a roll."

"This computer think's I'm dead."

"They're here -- the big ones -- trust me."

"Allen's a launch god, not a lobster god."

"How did HE persuade HER to let HIM sleep with HER?"

"Thou shalt not cultivate under one's nose what grows wild upon your ass."

"I don't want to fall asleep in my baked potato -- I hate it when that happens."

"I didn't answer -- it was such a dumb question."

"400 feet of fun!! What's that in 6" increments??"

"Well aren't you Mister Festive!"

"This isn't the kind of blow job I had in mind."

"This shit is like diving in tissue paper."

"ED's doing fish."

"If it's growing it's a muscle; if it's smiling, it's a clam."

"I didn't call. The phone was all the way at the other end of the bar."

"The lobster god is apparently pissed off, so ----- him."

"You know you want me."

"My body felt like one HUGE goose pimple."

"It's not my fault she's straight."

"Where's the bubble thing?"

"Must be 'Indian' underwear --- creeping up on you."

"Turns out it WAS Santa Rosa!"

"Well, just look at you, Jimmy! ... Soaking wet, hair mussed up, shoes untied ... and take that horrible thing out of your mouth!"

BUGS, SCALLOPS, FISH AND FUN!

Another great trip on the PEACE! Our frequent diver bonus trip/Xmas party boat left the Ventura Marina dock at about 3:00 AM Friday, 13 December 1991 ("Friday the 13th Part XYZ"). With calm conditions, Captain Mike R decided to make a straight shot at Talcott Shoals arriving at the eastern end of the shoals a little after 8:00 AM. The first dive was in about 80 feet of calm, 54 degree water, with no current, and 80-100 foot visibility -- no problem seeing the boat from the bottom!! This dive yielded but one lobster. With each subsequent move, we edged closer to Sandy Point on the northwest tip of Santa Rosa making dives in 70 feet, 60 feet and finally 50 feet, where the surge was beginning to reduce visibility significantly and made diving sporty. The sun was out all day, making on board conditions quite comfortable. Hot water from the hot tub into the wet suit helped! Bugs were reluctant to come on board, but slowly but surely the numbers mounted.

We rounded Sandy Point and cruised down to Bee Rock on the east side of the San Miguel Passage making a dive in surgy water up to 45 feet deep. Visibility was surprisingly good at 30-40 feet. Moving south and east we made our sixth of the day near South Point in (again) 45 feet of water. Our seventh -- night dive -- was at our overnight anchorage off Johnson's Lee (aka McGee's Lee). Only one or two souls made the night dive, the rest of us chosing to exercise the hot tub and our party mood. Full dinner, with all the trimmings, culminated an excellent day of diving and weather. The party animals "tubbed" until about 11:00 PM with the odd "streaker" and "mooner" being observed throughout the evening.

On the second day, per plan, our diving began leisurely at about 8:00 AM in 80 feet of 70-80 foot visibility water. Temperatures had not improved!! More bugs began to appear and our second dive just to the west of Ford Point in 70 feet of water netted the most of any dive so far. At this point we were collectively closing in on 20 bugs, mostly grabbed by the half dozen or so "bugites" on board. We also had a nice fish take.

For the rest of us, Bill McG cruised the "Scallop Spot" just south of Skunk Point on the east end of Santa Rosa Island. Daily limits of 10 scallops each were relatively easily obtained in 25-30 feet. We did note, however, that the reefs were beginning to show obvious signs of depletion as the scallops were a little more difficult to find and in general smaller than previous takes. There was just time for one more dive in Beecher's Bay near the northwest anchorage. By now most of the group were showering and hot-tubbing, but the ardent few were rewarded by more lobster, including a 7-3/4 pound beauty for Pete K and Paul K -- real close to picking off the \$50 dive light prize for first 8 lb'er.

As planned, we had fully circumnavigated Santa Rosa Island making a total of eleven dives in generally great visibility, calm and currentless water. Only the water temperature could have been better! The PEACE did its usual excellent job and even the December weather was great . . . what more could we ask for?

We did not make any specific awards; however, Kathi Mc gave out lots of little furry animals for Xmas. The dive light prize was an "almosy," but the boobie candidates for the Bob Stivers Award were "weak." However, of note were: myself (AP) for leaving my keys in the trunk lid of the car for five hours, then remembering where they were two minutes before departure; Pete K for pouring booby-trapped ice cold water into his wetsuit; Sandy M for attempting a dive with no weight belt and Kathleen B for attempting a dive with her air turned off!!! Honorable mentions go to Paul K for a spectacular high, wide and handsome drive from Newport Beach to Ventura; Paul K (again) for a dinner roll routine at The Shores Restaurant and Paul K (again!) and Wes S for doing a night dive on McNally Pinnacles just off McGee's Lee without a proper dive plan or a divemster on duty!??? I know we all enjoyed . . . hope to see you on an upcoming dive soon!!

Wild Wave/Charisma/Encore - 22nd Street Landing

South on Harbor freeway, left on Gaffey, left on 22nd Street, down the hill and park in designated areas.

Peace - Ventura Marina

North on Ventura freeway to Victoria Ave. in Ventura. Turn left onto Victoria and continue to Olivas Park Drive. Turn right and continue all the way down toward the beach and across Harbor Drive; go to the left on to Spinnaker Drive. Look for Milano's Italian Restaurant and turn right into the parking area. If you get to the end of Spinnaker, turn around and take the second left. Park adjacent to the berth (Slip #20) to unload, then park overnight in the last row adjacent to Spinnaker Drive.

DIVE BOAT POLICY

A club member may, but is not required to, have a boat deposit on file with the club. A club member may make a reservation on an upcoming dive as follows:

- A) Unconfirmed reservations may be made for any boat dive at any time. To confirm a reservation, payment in full must be received.
- B) For single day dives, divers holding an unconfirmed reservation will be called 3 weeks prior to the dive and advised that payment in full is required no later than 15 days prior to the dive to be confirmed. Dive boat deposits will be considered as payment in full.
- C) For two day dives, divers holding unconfirmed reservations will be called 5 weeks prior to the dive and advised that payment in full is required no later than 30 days prior to the dive to be confirmed. Dive boat deposits may be used as part of the payment in full.
- D) If payment in full is not received by the deadline, the diver may be replaced by a wait listed diver who has paid in full.

Any reservation may be cancelled two weeks prior to a dive with a full refund. Cancellations will not be accepted within two weeks prior to the dive unless a diver holding a reservation can sell or transfer their reservation to another qualified diver. The dive reservationist will assist in this process, but is not responsible for providing paying alternates. When confirmation is received by the dive boat reservationist that a cancelling diver is being replaced by another qualified diver, the replacement diver is then fully responsible for the cost of the dive.

If a diver has a deposit on file with the club and uses that deposit to secure a reservation on a boat dive, he may not use that deposit to secure additional dives until he has paid the club for the first dive. Two years after a diver has ceased to be a member of the club, his unclaimed dive boat deposit will be forfeited to the club. Only Sea Diver club members and members of other selected clubs may make boat dive reservations prior to one month before a scheduled boat dive. Partial refunds from boats which do not make the advertised dive location will be passed on to members who request them within two weeks of the dive.
