

# THE SEA DIVERS

IN AFFILIATION WITH AMERICAN DIVING

## FROM THE EXECUTIVE PLANNER...

September is the month we typically plan our dives for the upcoming year – Y2K or not this time!

Boats usually roll over dates from one year to the next, so once more we would anticipate dates to remain as for 1999 with possible minor tweaks. We've already verbalized with Tim B. of *Great Escape* and Eric B. of *Peace*. Destinations, however, are our choice and at the September General Meeting (7<sup>th</sup>) we will be discussing destinations and any other charter related inputs members may have. We plan to continue our full boat charters, all-inclusive policy along with our limited load scenario, which, if so desired, we could limit further at some increase in price. Anyhow, if you have an input, either at the meeting or make your thoughts known via e-mail etc. before the end of September.

Please note, if you have not paid your dues (due 1 July 1999) this will be your last newsletter and you will not be able to sign-up for boats at member prices. STAY SAFE OUT THERE.

## **SEPTEMBER GENERAL MEETING: ERIC FRASCO – WRECK OF THE YUKON**

For our September General Meeting, Eric Frasco will come and tell us about the new wreck dive in San Diego. The *HMCS Yukon*, a MacKenzie class destroyer escort, was commissioned in 1963. It served for 11 years in both the Atlantic and Pacific Canadian Fleets and was used as a training ship for 19 years. It was retired in 1993.

The ship was acquired by the Artificial Reef Society of British Columbia to become an artificial reef and a means of economic enhancement to the community that would receive it. San Diego will be that community. The *Yukon* will be placed in a newly established Underwater Park, approximately one mile off the San Diego coast in 100 feet of water.

Eric has been a certified diver since 1978. He continued his diving education, became a PADI instructor and certified over 300 divers and been very involved with the diving community over the years. Eric ran the Delco Dive Club for several years, started the Paradise Dive Club, worked as the Newsletter Editor and Secretary for Greater Los Angeles Council of Divers (GLACD) and in July 1998 was elected President of GLACD.

Join us at the next Sea Diver General Meeting for Eric's presentation and a discussion of the newest wreck dive in California. The next Sea Diver General Meeting will be held on Tuesday September 7th starting at 7:00 PM at Round Table Pizza in Hawthorne.

## SAN MIGUEL MAJOR PINNACLES

24/25 SEPT 1999 (FRI/SAT)

RICHARDSON'S/ CASTLE/  
WILSON ROCKS

PEACE

Members \$180

Everything included!!

Boarding: 7:00 PM (9/23)

Non-Members \$195

Limited Load

Departure: 1:00 AM (9/24)

The planned itinerary for our September two-day will take us out to San Miguel Island -- as always, weather permitting. Our first dive spot will be on the east side of Santa Rosa Island in a good scallop area. We will loop around either the north or south side of Santa Rosa depending on ocean conditions picking off dives either on the northwest tip (fish and scallops) or the southwest tip (fish).

We then plan to cross the San Miguel Passage onto the south side of San Miguel diving Crook Point, Wychoff Ledge, and Tyler Bight. We will then circle back around the east side of the island for one or more dives before overnighting, probably at Cuyler Harbor.

Weather permitting we would hope to tackle at least two of the major pinnacles: Richardson's, Wilson Rock, Castle Rock, Boomerang. Failing that, we will probably dive the lee side of Prince Island. During the run back to the mainland, depending on pinnacle successes or not we'll stop for dives along the north side of Santa Rosa, possibly at Talcott Shoals.

This two-day will provide excellent opportunities for game (fish, scallops) and all kinds of photogenic sea life. Overall there will be dives for all skill levels -- although, the major pinnacles are considered to be for strong intermediate to advanced divers in all but near perfect conditions.

The *Peace* is a great boat just to be on -- diving or not!! At the time of this writing the boat is near full with a potential wait list. Call Curt (Billings) at (909) 945-3461, Fax at (909) 477-2849, or e-mail at [curt@diver.net](mailto:curt@diver.net) for bunk assignment as you pay in full and/or to get on the wait list!! DON'T WAIT!! HOT TUB -- nice!! Full boat charter with a limited load.

## MID-WEEK BUG SPECIAL

13 OCTOBER 1999 (Wed)

TALCOTT SHOALS

PEACE

Members \$75

All Inclusive and Limited Load!!

Non-Members \$85

Boarding: 7:00 PM (10/12)

New Members \$38

Departure: Midnight

In order to get in a relatively early lobster season club dive we are trying this mid-week charter on the *Peace*. Of the four northern channel islands, Talcott Shoals on the northwest end of Santa Rosa Island is the best area for bugs. We've had some successes there on our November / December two-day dives in the past.

Talcott covers a large area and has a myriad of reefs, and ledges that provide good homes to the local lobster. Depths vary from quite shallow to 100 feet or so, typically sloping gradually down from the coastline. The area is open to weather / ocean from the north, so conditions can become uncomfortable to downright nasty. When diveable this is a great area and should yield a number of bugs for the determined.

Call Curt (Billings) at (909) 945-3461, Fax at (909) 477-2849 or e-mail at [curt@diver.net](mailto:curt@diver.net) for sign-up and bunk assignments. Should be a great trip and it definitely will beat working that day!! It's a NEW CLUB VENTURE and a limited load.

## ABOUT AS GOOD AS IT GETS

The planned charter on *Great Escape* to the wreck of the *Palawan* was not a club big seller. With only fourteen on board, life was very comfortable. For those of you not on the boat you missed a great dive!! As most seasoned divers know, the *Palawan* is typically surrounded by poor visibility, open ocean "slop" and on occasion, high currents to boot. Well, none of that! The ocean was calm, there was zero current and visibility was 40 to 50 feet. One could just see the starboard "rail" from the port "rail". After the first dive it was the general consensus that this particular wreck doesn't get much better, so we elected to make a second dive in brighter sunlight. For most divers "hanging-off" for awhile was a must either on both dives or certainly at the end of the second. The water temperature changed from the mid-sixties at the surface to the low-fifties at depth. On the second dive, Kathy D. and I did a complete lap of the hull noting that the stern is twenty to thirty feet deeper than that of the bow. Staying a few feet above the "rails" one drops from just over 100 feet at the bow to about 125 feet at the stern. Interesting swim!! With most of the morning spent on the *Palawan* we moved for one long, or two short dives on the *Dominator* and surrounding reef. Depths to 35 feet or so, slight swell but calm, no current and 40 plus visibility. Temperature was in the mid-sixties.

We don't do many wreck dives as a club, and obviously either wreck diving and/or deep wreck diving is not a strong desire in the club. Never the less ya'll missed a beauty, maybe we'll package it differently next year!! There were no boobies which is good on this type of diving. We were back at the dock by 4:30 PM which is always good for Sunday diving. The food and the crew of *Great Escape* were – as usual – excellent. We did notice that Terry was conspicuously absent. We've seen him as a divemaster and more recently as chef-in-training. The rumor was that he's now trying his hand as a dock-boy apprentice but apprentice types aren't allowed to work on the docks on the busy weekend days!

## PALAWAN QUOTES...

"Drove from Redondo to San Pedro for 20 minutes. Rode a boat for nearly two hours, and my apartment is right over there!"

"Brought the quotes up, there ain't shit on them..."

"...There's a quote!"

"He's trying to teach me about diving on wrecks. This one had two pointy ends. Go figure!"

"Wreck scallops, rich in iron"

"Drink service on the upper deck, just like a cruise ship..."

"...Yeah, all you need now is a casino."

"We came for the *Palawan* dives, done that, we're done!"

"By the way, where's Terry?"

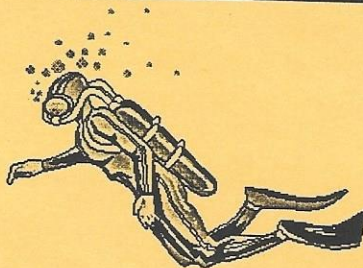

## JUST 20 YEARS AGO...

The Club President was John Dorsey, Vice President Don Mueller, Treasurer Walt Musser and Secretary Kathy Wood. General Meetings were at Lococo's and the Executive Meeting was to be at John Dorsey's home. There were two boat dives, *Truth* to Wilson's Rock at \$32 non-inclusive and *Westerly* to San Clemente at \$29 non-inclusive. The beach dive (remember those?!) was a three day campout and dive at Jade Cove. The Club was selling new t-shirts, performing tank VIPs, organizing a Basic SCUBA class, a wine and cheese tasting lobster dinner and a marine biology class. Gabby Gastropod, the Club social snitch was in full flight with the month's dirt!!

### DIVE BOAT POLICY

A club member may, but is not required to, have a boat deposit on file with the club. A club member may make a reservation on an upcoming dive as follows:

- A) Unconfirmed reservations may be made for any boat dive at any time. To confirm a reservation, payment in full must be received.
- B) For single day dives, divers holding an unconfirmed reservation will be called 3 weeks prior to the dive and advised that payment in full is required no later than 15 days prior to the dive to be confirmed. Dive boat deposits will be considered as payment in full.
- C) For two day dives, divers holding unconfirmed reservations will be called 5 weeks prior to the dive and advised that payment in full is required no later than 30 days prior to the dive to be confirmed. Dive boat deposits may be used as part of the payment in full.
- D) If payment in full is not received by the deadline, the diver may be replaced by a wait listed diver who has paid in full.

Any reservation may be cancelled two weeks prior to a dive with a full refund. Cancellations will not be accepted within two weeks prior to the dive unless a diver holding a reservation can sell or transfer their reservation to another qualified diver. The dive reservationist will assist in this process, but is not responsible for providing paying alternates. When confirmation is received by the dive boat reservationist that a cancelling diver is being replaced by another qualified diver, the replacement diver is then fully responsible for the cost of the dive.

If a diver has a deposit on file with the club and uses that deposit to secure a reservation on a boat dive, he may not use that deposit to secure additional dives until he has paid the club for the first dive. Two years after a diver has ceased to be a member of the club, his unclaimed dive boat deposit will be forfeited to the club. Only club members of The Sea Divers and members of other selected clubs may make boat dive reservations prior to one month before a scheduled boat dive. Partial refunds from single day boats which do not make the advertised dive location will be passed on to members who request them within two weeks of the dive.
